

Preventing Alzheimer's Disease

Answers to your questions –

"Am I at risk?"

"How do I reduce the risk?"

Dr. Sharon Cohen, Medical Director and Principal Investigator, Toronto Memory Program

Dr. Ian Cohen, Chief Operating Officer and Clinical Research Co-Investigator, Toronto Memory Program

Drs. Cohen will discuss the latest concepts in preventing Alzheimer's disease.

- Who is at risk? What are the genetics of Alzheimer's disease?
- What are some lifestyle strategies to reduce risk?
- How you can participate in research aimed at protecting the brain?
