Dear Bryan

The Executive Committee of Third Age Barrie is most appreciative of your willingness to allow parking, baring no complaints, in restricted areas on the streets around Grace United Church for the afternoons of April 17, 24 and May 8.

For the past four years, each April and May, Third Age Barrie organizes a series of five lectures for 250 retirees. Usually half of the cars are parked on the grass but this year this was not possible due to unusual snow and a late spring.

Your kind consideration made it safer and trouble- free for many of the attendees at the lecture series.

Thank you again,

Louise Pope, Chair
Third Age Barrie Lifelong Learning Association
